

## **COVID-19 Policy to Ensure Your Safety**

1. All in-person participants must be fully vaccinated. You are considered fully vaccinated two weeks after receiving a single-dose vaccine or the second shot of a two-dose vaccine.
2. Instead of providing proof of vaccination, we expect all in-person attendees to follow the honor system and be fully vaccinated, having faith that attendees will be mindful of everyone's safety.
3. All in-person participants must wear a mask that fully covers their mouth and nose at all times while indoors and observe proper social distancing. Only the teacher or facilitator is permitted to remove their mask while they are leading the class. Students may remove their mask only when asking questions during the teaching.
4. Do not attend class if you have a fever or feel unwell.
5. Help protect others by washing your hands with soap or using hand sanitizer.

Thank you for your understanding and patience as we gradually reopen our Center and establish pandemic protocols which may change as circumstances and national/state guidelines change.

We are trying our best to keep everyone safe while also finding ways to cultivate community and engagement.
